

# Background

In 2017, the ErasmusPro programme was launched, promoting mobilities for VET learners. Since then, the European Council has been pursuing long-term mobilities for students in its recommendations, long-term placements abroad having clear added value for the acquisition of specific professional skills & transversal competences (including social skills, sense of initiative & European citizenship).

In 2020, only

# 8.6%

of the total mobilities of VET learners were long-term mobilities.

Inclusion is still "a cross-cutting priority".

Thus, a transnational partnership was created, PREP4PRO, aiming at increasing the opportunities and chances in life of learners with fewer opportunities by facilitating their active participation in Erasmus Pro programme.

## Partners

The partnership, bringing together 6 European VET providers, is set up to work on solutions to the obstacles to long-term mobility from November 2022 to January 2025:

- Belgium: GO! Technisch Atheneum Zavelenberg
- Finland: Sataedu
- France: BTP CFA OCCITANIE
- Germany: BBS Osterholz-Scharmbeck
- Slovenia: Solski Center Kranj
- Spain: Inspectoría Salesiana María Auxiliadora

### Seminars in each country:

# The road to

The European partners, in charge of reducing the difficulties of long-term mobility, and promoting the implementation of the Prep4Pro programme, have three objectives:

## #1. Strategy

### Implementing a quality internationalisation strategy

- To build a strong, sustainable (learning) network/ecosystem of matching VET providers throughout Europe that breathes mutual trust and quality.

- A tested and approved strategy, with all the tools to build a solid and sustainable network of vet providers throughout Europe.

## #2. Kit Prep4pro

### Providing methods and tools to facilitate implementation

- Communication strategies and tools to reach, inform, involve and motivate each target group to participate in ErasmusPro.
- A roadmap book in 8 European languages as a practical framework & guide for ErasmusPro, with specific sections on learners with fewer opportunities.

## #3. Inclusion

### Including learners with fewer opportunities

The groups involved in finding solutions to the various obstacles and concerned by future mobilities are:

- VET learners, including those with fewer opportunities
- their parents
- companies
- VET schools/VET staff
